 Date: _____

September 3, 2024

To: The Honorable Board of Park Commissioners and Citizens of the Warrenville Park District

The annual comprehensive financial report of the Warrenville Park District for the fiscal year ended April 30, 2024, is hereby submitted. The District is required by State Statute (50 ILCS, Par. 310/2, et seq.) to annually issue a report of its financial position. The financial activity presented is in conformance with generally accepted accounting principles (GAAP) and has been audited in accordance with generally accepted auditing standards by an independent firm of certified public accountants. It is the responsibility of the Warrenville Park District to ensure both the accuracy of the data and the completeness and fairness of the presentation, including notes and disclosures. Based upon strict adherence to state law, internal policies and ethical procedures, this presented information is accurate and presents the financial position and operational results of the District. There were no financial policies that had a significant impact on the current period's financial statements.

The District has internal controls in place to ensure that the District's assets are protected from loss, theft or misuse. The cost of these internal control measures does not outweigh their benefits, resulting in financial statements that provide reasonable, rather than absolute, assurance that they are free from material misstatements.

Generally accepted accounting principles (GAAP) requires a Management Discussion and Analysis (MD&A) that includes a narrative introduction, overview, and analysis to accompany the financial statements. This letter of transmittal is meant to complement the MD&A and should be used in conjunction with it.

The Warrenville Park District dates back to 1964 when it was incorporated as the Round Grove Park District, DuPage County, Illinois. The Round Grove Park District remained relatively dormant until 1979 when it was revitalized by the residents. In the early 1980s, board elections were held and the first taxes were levied. In 1990, the name was changed to the Warrenville Park District. Also, in 1990 a referendum was passed which expanded the initial boundaries and incorporated most of the City of Warrenville. Over thirty years later, the Warrenville Park District remains a vibrant, strong, positive force, contributing to the overall well-being of the residents and city.

This report includes all funds of the Warrenville Park District. The District serves the residents of Warrenville, small portions of unincorporated Warrenville, Naperville, Aurora and West Chicago. The District manages approximately 86 acres of park land owned by the District or leased from the City of Warrenville and School District 200 and also has an agreement with a local church. Facilities include space for softball, baseball, basketball, soccer, tennis, pickleball and playgrounds. In addition, the District also maintains and operates a fitness center, located in the main recreation facility.

3S260 Warren Ave.
Warrenville, IL 60555
Ph. 330-393-7279 Fax 630-393-7279
www.warrenvilleparks.org

The District provides a diversity of recreational opportunities including a variety of sports for all ages, specialized summer camps, dance programs, gymnastics programs, preschool programs, arts and craft classes and older adult programs. The majority of programming is housed at the District's main recreational facility located at 3S260 Warren Avenue, and at the District owned Warrentville Community Building located at 3S240 Warren Avenue, multi-purpose recreational spaces where the District provides a diverse selection of social and recreational opportunities. The District also holds programs at two local grade schools, one local middle school and a local high school. The District is a member of the Western DuPage Special Recreation Association, which provides recreational services for adults and children with disabilities.

The District serves approximately 13,945 residents in 5,480 households in DuPage County (2020 Census-Warrentville, Illinois). Warrentville, located about 28 miles west of the City of Chicago, is primarily a residential area. The District covers approximately 14 square miles, and serves portions of the City of Warrentville, along with small portions of the cities of Aurora and West Chicago and unincorporated Warrentville. The percent of children under age 18 is 21.5%, the median age is 38.5 years, and the percent of the population over 65 is 16.2%. The median household income is \$95,919 and median family income is \$106,801.

Organized and operating under the provisions of the Illinois Park District Code, the District levies property taxes on real property within its boundaries. The District is governed by a five member Board of Park Commissioners, and commissioners are elected at large to serve four year terms. The Executive Director is appointed by the Board, and administers Board policies, programs and directs staff.

Long-Term Planning

In 2022-23, after extensive community feedback, focus groups, public meetings and a community-wide survey, the Board updated and approved their Strategic Master Plan. The Plan provides direction and recommendations for the coordinated development and maintenance of the District's parks and facilities, recreational programming, as well as potential future infrastructure and land expansion. This Plan creates a vision or road map for the future of park and recreation services in Warrentville. The Plan articulated several key focus areas for the District including:

- Maximize community engagement in an inclusive and innovative manner
- Utilize a wide variety of data sources and recommended practices
- Determine unique level of service standards
- Shape financial and operational preparedness
- Develop a dynamic and realistic strategic action plan
- Outline top priorities for investment in facilities/amenities and recreation programs
- Recreation programs and services analysis
- Revision of values, vision, mission and big moves

The Strategic Master Plan is reviewed annually prior to the development of the next year's budget to ensure the objectives remain relevant and resources are available or forecasted to implement the Plan. The District also utilizes a Capital Improvement Plan that details long-range infrastructure and equipment improvement needs for the upcoming years. The Plan is also a tool that addresses the operational effect of projects and enables staff to incorporate these costs into the operating budget.

Major Initiatives

Highlights for Fiscal Year 2024 include:

- Lions Park renovation
- Network firewall replacement
- Purchased new ProGator with water tank
- Continued to follow computer replacement plan
- Received the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting for Fiscal Year 2023
- Preschool room renovated to include new flooring, cabinets and appliances
- Refinished floors in Room 301 and Dance studio
- Installed generator for Recreation Center
- Continued energy and environmental initiatives, including Recreation Center interior lighting conversion to LED plan, computer equipment recycling, hosting environmental collection programs and Ferry Creek wetland reduction of invasive plant species
- Received various sponsorships to support District programs and events

The District was also the recipient of grants from the City of Warrenville Tourism and Arts Council and Illinois Arts Council. The District implemented new or revamped programs in fitness, adult and youth sports, summer camps and general recreation that resulted in increased attendance. Several events were held, including Summer Daze, Holly Days, Fall Fest, Brew Trot, Firecracker 5K, Art on the Prairie, Pickleball Tournament and Multi-Cultural Fest, and all were well received by the community. The District remains a leader in the execution of community wide events.

Other Information

Independent Audit: The District is required by Illinois Compiled Statutes to have an annual audit conducted by an independent certified public accountant selected by the Board of Park Commissioners. The audit firm, Lauterbach & Amen, LLP, Certified Public Accountants' report on the general-purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report.

Affiliations: The District is a member of the National Recreation and Park Association (NRPA), the Illinois Association of Park Districts (IAPD), the Illinois Park and Recreation Association (IPRA), the Government Finance Officers Association (GFOA), the Illinois Government Finance Officers Association (IGFOA), the Society for Human Resource Management (SHRM), and the Western DuPage Special Recreation Association (WDSRA), Western DuPage Chamber of Commerce, and The Conservation Foundation.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Warrenville Park District for its annual comprehensive financial report for the fiscal year April 30, 2023. This was the twelfth year that the District applied for the award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report meets the Certificate of Achievements Program's requirements and are submitting it to the GFOA to determine its eligibility for a Certificate.

The timely preparation of this annual comprehensive financial report was made possible by the dedicated staff of the entire District and coordinated by the Finance staff. We would like to express our sincere appreciation for their contributions not only to this report, but also to their commitment of abiding to policies and procedures to ensure the high integrity of the information presented in this financial report. We thank the Board of Park Commissioners for their leadership and support as it relates to the financial operations and policies of the District.

Sincerely,

Tim Reinbold, CPRP

INDEPENDENT AUDITORS' REPORT

September 3, 2024

Members of the Board of Commissioners
Warrenville Park District
Warrenville, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Warrenville Park District (the District), Illinois, as of and for the year ended April 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Warrenville Park District, Illinois, as of April 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor’s Responsibilities for the Audit of the Financial Statements - Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, the budgetary comparison schedules, and GASB-required and other post-employment benefit (OPEB) reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Warrenville Park District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

Our discussion and analysis of the Warrenville Park District's financial performance provides an overview of the District's financial activities for the fiscal year ended April 30, 2024. Please read it in conjunction with the transmittal letter and the financial statements.

FINANCIAL HIGHLIGHTS

- The District's net position (total assets/deferred outflows minus total liabilities/deferred inflows) increased by \$1,002,723 or 7.7 percent.
- During the year, government-wide revenues totaled \$4,422,562, while expenses totaled \$3,419,839 resulting in an increase to net position of \$1,002,723.
- The District's net position totaled \$14,069,807 on April 30, 2024, which includes \$8,012,019 net investment in capital assets, \$378,871 subject to external restrictions, and \$5,678,917 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported an increase this year of \$759,687 before transfers out, and an increase this year of \$517,213 after transfers, resulting in ending fund balance of \$2,479,422, an increase of 26.4 percent over the previous year's fund balance.
- The Recreation Fund reported a surplus this year of \$88,802, or 26.1 percent, resulting in an ending fund balance of \$428,969.
- The Capital Projects fund balance decreased \$10,182 resulting in an ending fund balance of \$3,383,122.
- The Special Recreation Fund reported a deficit this year of \$22,509 resulting in an ending fund balance of \$296,689.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Warrenville Park District as a whole and present a longer-term view of the District's finances. For governmental activities, fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Warrenville Park District's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the District's property tax base and the condition of the District's parks, facilities, and infrastructure, is needed to assess the overall health of the District.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements - Continued

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and charges for services. The governmental activities of the Warrenville Park District include general government and recreation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Warrenville Park District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Warrenville Park District are considered governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The District maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Recreation Fund, Special Recreation Fund, Fitness Fund, Debt Service Fund, and Capital Projects Fund, all of which are considered major funds and the Liability Insurance Fund, a nonmajor fund.

The Warrenville Park District adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

USING THIS ANNUAL REPORT - Continued

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's I.M.R.F. employee pension obligation and retiree benefit plan; as well as budgetary comparison schedules for the General Fund and major special revenue funds. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Warrenville Park District, assets/deferred outflows exceeded liabilities/deferred outflows by \$14,069,807.

	Net Position	
	2024	2023
Current and Other Assets	\$ 10,410,730	9,491,970
Capital Assets	8,310,069	8,232,704
Total Assets	18,720,799	17,724,674
Deferred Outflows of Resources	257,133	350,676
Outflows of Resources	18,977,932	18,075,350
Long-Term Debt	920,830	1,266,951
Other Liabilities	522,026	540,989
Total Liabilities	1,442,856	1,807,940
Deferred Inflows of Resources	3,465,269	3,200,326
Inflows of Resources	4,908,125	5,008,266
Net Position		
Net Investment in Capital Assets	8,012,019	8,042,348
Restricted	378,871	381,263
Unrestricted	5,678,917	4,643,473
Total Net Position	14,069,807	13,067,084

A large portion of the District's net position, \$8,012,019, or 56.9 percent reflects its net investment in capital assets (for example, land improvements, equipment, construction, and vehicles), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management’s Discussion and Analysis

April 30, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

An additional portion, \$378,871, or 2.7 percent, of the District’s net position represents resources that are subject to external restrictions on how they may be used. The remaining 40.4 percent, or \$5,678,917, represents unrestricted net position and may be used to meet the District’s ongoing obligations to citizens and creditors.

	Changes in Net Position	
	2024	2023
Revenues		
Program Revenues		
Charges for Services		
General Government	\$ 8,000	5,500
Recreation	1,027,029	855,375
Operating Grants/Contributions		
General Government	919	—
Recreation	6,800	6,200
Capital Grants/Contributions		
Recreation	64,557	148,950
General Revenues		
Property Taxes	3,090,654	2,844,187
Interest Income	185,132	39,310
Miscellaneous	39,471	34,194
Total Revenues	<u>4,422,562</u>	<u>3,933,716</u>
Expenses		
General Government	1,621,480	1,799,195
Recreation	1,791,167	1,594,100
Interest on Long-Term Debt	7,192	10,563
Total Expenses	<u>3,419,839</u>	<u>3,403,858</u>
Change in Net Position	1,002,723	529,858
Net Position - Beginning	<u>13,067,084</u>	<u>12,537,226</u>
Net Position - Ending	<u><u>14,069,807</u></u>	<u><u>13,067,084</u></u>

Net position of the District’s governmental activities increased \$1,002,723, or 7.7 percent (\$14,069,807 in 2024 compared to \$13,067,084 in 2023) due primarily to increases in recreational and fitness program participation and property tax revenue. In addition, property taxes receipts and interest income saw increases in the current year. Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$5,678,917 at April 30, 2024, as compared to \$4,643,473 at April 30, 2023, an increase of \$1,035,444, or 22.3 percent.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

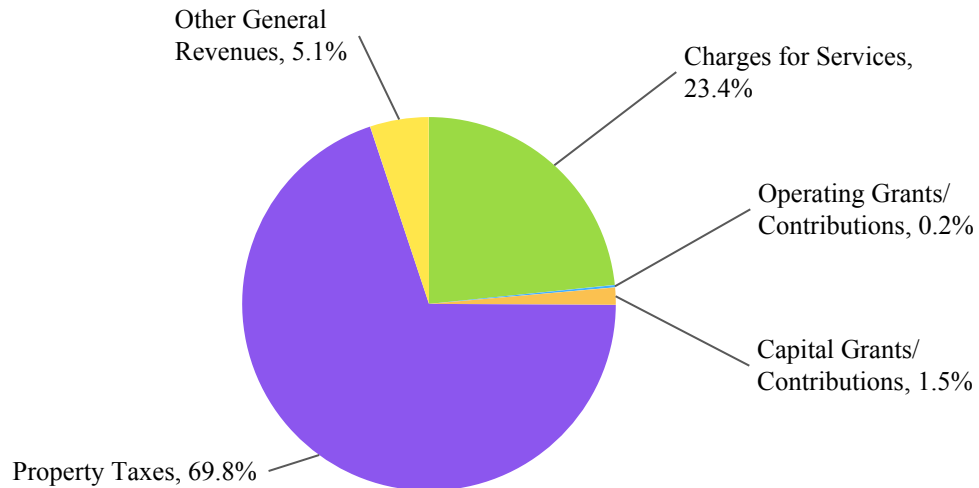

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities

Revenues for governmental activities totaled \$4,422,562, while the cost of all governmental functions totaled \$3,419,839. This results in an increase of \$1,002,723. In 2023, revenues of \$3,933,716 were greater than expenses of \$3,403,858, resulting in an increase of \$529,858. Most notably, revenue in the Recreation category in the current year increased \$171,654 or 20.1 percent over the prior year because the District has experienced increased recreation program participation levels.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes and charges for services to fund governmental activities. It also clearly identifies the less significant percentage the District receives from replacement taxes, interest and miscellaneous income.

The 'Expenses and Program Revenues - Governmental Activities' Table identifies those governmental functions where program expenses greatly exceed program revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The District's governmental funds reported combining ending fund balances of \$6,732,367, which is \$644,855, or 10.6 percent higher than last year's total of \$6,087,512. Of the \$6,732,367 total, \$2,477,674, or approximately 36.8 percent, of the fund balance constitutes unassigned fund balance. Property taxes over all governmental funds increased \$246,467, a 8.7 percent increase from \$2,844,187 in fiscal year 2023 to \$3,090,654 in fiscal year 2024. This is attributed to growth in the property tax rate of 1%. Total revenues for the District's governmental funds increased \$488,846 or 12.4 percent, from \$3,933,716 in 2023 to \$4,422,562 in 2024 resulting primarily from continually increasing demand for recreation and fitness programs and services.

The General Fund reported an increase in fund balance for the year of \$517,213, an increase of 26.4 percent due to 9.5% increase in property taxes as a result of higher property values. Specific expenditure line items that were below budget included salaries/personnel services, administrative services and supplies, rental, lease and utilities, building and grounds equipment and maintenance supplies, contractual services for park and building maintenance, professional development/personnel benefits and vehicle/operating equipment expenses.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

Governmental Funds - Continued

These variances are further outlined on the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance and the General Fund Schedule of Expenditures - Budget and Actual.

The General Fund is the chief operating fund of the District. At April 30, 2024, unassigned fund balance in the General Fund was \$2,477,674, which represents 99.9 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents 183.3 percent of total General Fund expenditures.

The Recreation Fund is used to account for the operations of the recreation programs offered to residents and community at large. The Recreation Fund reported an increase in fund balance for the year due to increased demand for recreation services. At April 30, 2024, total fund balance was \$428,969 as compared to the April 30, 2023 fund balance of \$340,167. Recreation programming revenue increased from \$648,111 in fiscal year 2023 to \$781,377 in fiscal year 2024, an increase of \$133,266, or 17.1 percent. Total Recreation Fund expenditures increased \$187,800, from \$1,091,920 in 2023 to \$1,279,720 in 2024.

The Special Recreation Fund is used to account for the operations of the special recreation programs and services offered by the District. The Special Recreation Fund reported a decrease in fund balance for the year due to increased demand for WDSRA inclusion program services. At April 30, 2024, total fund balance was \$296,689 as compared to the April 30, 2023 fund balance of \$319,198.

The Fitness Fund is used to account for the operations of the District's fitness center and fitness related programs. The Fitness Fund reported a positive fund balance of \$59,205 at April 30, 2024 due to continued increase in fitness members and participation in fitness related services.

The Debt Service Fund is used to account for the general obligation/alternate revenue source bond activities of the District. The Debt Service Fund reported fund balance of \$10,457 at April 30, 2024, an increase of \$1,344 over the fund balance of \$9,113 at April 30, 2023.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital assets. The Capital Projects Fund reported a decrease in fund balance for the year due to budgeted capital projects being funded by prior years bond revenue. At April 30, 2024, total fund balance was \$3,383,122 as compared to the April 30, 2023 fund balance of \$3,393,304. Overall expenditures received during the fiscal year were higher than revenues by \$160,182. Capital projects during the fiscal year included installation of a generator for the Recreation Center, Lions Park renovation, registration office and preschool room renovations and a ProGator with water tank.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's Board made no budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$2,111,153 or \$46,903 more than budgeted revenues of \$2,064,250. Revenues for property taxes were greater than budgeted by \$6,349 and miscellaneous income was \$7,914 more than budgeted.

Total General Fund budgeted expenditures were \$1,446,379. Total actual expenditures were \$1,351,466 or \$94,913 less than budgeted. Actual expenditures were less in several areas, including salaries/personnel services, administrative services and supplies, rental, lease and utilities, building and grounds equipment and maintenance supplies, contractual services for park and building maintenance, professional development/personnel benefits and vehicle/operating equipment expenses. These variances are further outlined on the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance, and the Schedule of Expenditures - Budget and Actual.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental activities as of April 30, 2024 was \$8,310,069 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, equipment, construction, and vehicles.

	Capital Assets - Net of Depreciation	
	2024	2023
Land	\$ 2,859,106	2,859,106
Land Improvements	894,581	767,467
Equipment	439,983	350,246
Construction	4,054,895	4,178,253
Vehicles	61,504	77,632
Total	<u>8,310,069</u>	<u>8,232,704</u>

This year's major additions included the following:

Land Improvements	\$ 209,747
Equipment	<u>134,229</u>
	<u>343,976</u>

Additional information on the District's capital assets can be found in Note 3 of this report.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

CAPITAL ASSETS AND DEBT ADMINISTRATION - Continued

Debt Administration

At year-end, the District had total outstanding debt of \$298,050 as compared to \$501,640 the previous year, a decrease of \$203,590 or 40.6 percent. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding	
	2024	2023
General Obligation Bonds	\$ 298,050	501,640

State statutes limit the amount of general obligation debt a Park District may issue to 2.875 percent of its total assessed valuation. The current debt limit for the District is \$21,037,901.

Additional information on the District's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2025 budget, tax rates, and fees that will be charged for its governmental and business-type activities. One of those factors is the economy. The unemployment rate for April 30, 2024 for DuPage County was 3.4 percent (up from last year's April 2023 rate of 2.7 percent) and the state and national unemployment rates for April 2024 were 4.8 and 3.9 percent, respectively. The State of Illinois unemployment rate is higher than the unemployment rate nationally and higher than DuPage County. DuPage County traditionally experiences a fairly steady unemployment rate. While the demand for recreation programming significantly decreased in 2020, the District experienced increased demand for programming and District facilities' in 2021-2023 as it continues to maintain programming and activities at near pre-pandemic levels. The District's financial condition continues to be solid and is positioned well for the future, at least in the near term. The large Tax Increment Financing (TIF) District (within the City of Warrenville) expired in December 2010, and continues to provide the District with a healthy increase to its property tax base and therefore, its ability to improve current facilities that will generate even greater use to the community. In addition, the smaller Tax Increment Financing (TIF) II District (within the City of Warrenville) ended in 2013, and increased the District's tax base by approximately \$48,000. New construction within the City continues, bringing additional tax revenue and residents to the community, along with developer donation revenue. The District contracted with Pros Consulting in April 2022 for a new strategic master plan that was completed during fiscal year 2023. Continued capital planning and execution of current and future capital plans will continue to yield parks and facilities to be enjoyed by the entire community.

WARRENVILLE PARK DISTRICT, ILLINOIS

Management's Discussion and Analysis

April 30, 2024

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES - Continued

The financial indicators were considered when adopting the budget for 2025. The total revenue budget for fiscal year 2025, including transfers and debt issuance is \$5,305,179, an increase of \$882,617 from actual fiscal year 2024 revenues of \$4,422,562. Budgeted transfers will remain virtually the same in 2024 at \$242,690. The District conservatively anticipates an increase in tax revenues, budgeting \$3,193,000 for 2025 as compared to the actual 2024 taxes received of \$3,090,654, an increase of \$102,346, or 3.3 percent. Debt issuance of \$360,000 is budgeted in 2025. The fiscal year 2025 expenditure budget is \$4,333,024 as compared to 2024 actual expenditures of \$3,777,707, an increase of \$555,317 due to continued resumption of normal recreation activity levels and staffing. The fiscal year 2025 budget includes a \$150,000 transfer from the General Fund to the Capital Projects Fund for future park and facilities improvements, and a \$92,690 General Fund transfer to the Debt Service Fund to pay for the 2020 General Obligation/ Alternate Revenue Source annual debt service payment. With the promotion of new and innovative recreation programming, continued leadership in the execution of community wide events, and increased usage in its parks and facilities, the District anticipates a year of abundant recreational activity by the community.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Warrenville Park District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Executive Director, Warrenville Park District, 3S260 Warren Avenue, Warrenville, Illinois 60555.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

WARRENVILLE PARK DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the
Governmental Funds to the Statement of Activities - Governmental Activities
For the Fiscal Year Ended April 30, 2024**

Net Change in Fund Balances - Total Governmental Funds \$ 644,855

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	343,976
Depreciation Expense	(266,611)

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - IMRF	(65,739)
Change in Deferred Items - RBP	4,068

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	(8,514)
Change in Net Pension Liability - IMRF	149,125
Change in Total OPEB Liability - RBP	(3,242)
Retirement of Debt	203,590

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

1,215

Changes in Net Position of Governmental Activities

1,002,723

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Warrenville Park District (District) of Illinois was incorporated in 1964 as the Round Grove Park District in DuPage County, Illinois. In 1990, the name was changed from Round Grove to Warrenville and the electorate successfully passed a referendum expanding the District's territory to incorporate the majority of the City. The District operates under the President-Commissioner form of government and provides services as authorized by its charter.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

The District is a municipal corporation governed by a six-member Board of Commissioners. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there are no fiduciary component units that are required to be included in the financial statements of the District as pension trust funds and there are no discretely component units to include in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, fitness center, and general administration are all classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions (general government, culture and recreation, etc.). The functions are supported by general government revenues (property taxes, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property taxes, interest income, etc.).

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund balance, revenues and expenditures/expenses. Funds are organized into one major category: governmental. An emphasis is placed on major funds within the governmental category. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses) for the determination of major funds. The District electively added funds, as major funds, which either have debt outstanding or a specific or community focus. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditures for specified purposes. The District maintains three major special revenue funds and one nonmajor. The Recreation Fund, a major fund, is used to account for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing. The Special Recreation Fund, reported as a major fund, is used to account for the operations of the special recreation programs offered to residents. Financing is also provided by a specific annual property tax levy. The Fitness Fund, reported as a major fund, is used to account for the operations of the District's fitness center and associated fitness programs and services offered to residents and the surrounding communities. Financing is provided by user fees and charges. The Liability Insurance Fund is the only nonmajor special revenue fund of the District.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Governmental Funds - Continued

Debt service funds are used to account for the accumulation of resources, and the payment of, general long-term debt principal and interest. The District maintains one major debt service fund.

Capital projects funds are used to account for all resources used for the acquisition of and improvements to capital assets except those financed by Proprietary Funds. The Capital Projects Fund is treated as a major fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

The accounting objectives of the “economic resources” measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting - Continued

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Prepays

Prepays are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more and with a useful life of greater than one year, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets - Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	20 Years
Equipment	10 - 20 Years
Construction	20 - 50 Years
Vehicles	8 - 20 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- A combined budget and appropriation ordinance for the General, Special Revenue, Capital Projects, and Debt Service Funds is prepared and made available for public inspection thirty days prior to Board approval.
- A Public hearing is conducted at a public meeting to obtain taxpayer comments.
- Prior to August 1, the budget is legally enacted through the passage of an ordinance.
- Treasurer is authorized to transfer up to 10% of the total budget between budget items within the fund; however, the Board of Commissioners must approve any revisions that alter the total disbursement of any fund.
- Formal budgetary integration is employed as a management control device during the year in all funds except for the capital projects fund where a project length budget is used.
- Budgeted amounts are as adopted by the Board of Commissioners. Although the cash basis of accounting is employed for budgetary purposes, this does not materially differ from the modified accrual basis used for the financial statements.
- During the year, no supplementary appropriations were made.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget as of the date of this report:

Fund	Excess
Recreation	\$ 98,507
Special Recreation	24,359
Fitness	14,602

The Recreation Fund was over budget due to a variety of unanticipated growth in programs, most notably Day Camps, Youth Basketball and special events.

Program inclusion expenses have been higher than anticipated, which translates to excess expenditures over budget in the Special Recreation Fund.

The Fitness Fund experienced higher salary and benefit costs, increased credit card fees for monthly EFT transactions and additional contract instructors.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments."

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, iPRIME.

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

At year-end, the carrying amount of the District's deposits totaled \$4,941,497 and the bank balances totaled \$4,955,586. In addition, the District has \$2,047,032 invested in the IPRIME at year-end, which has an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized statistical rating organizations. The District limits its exposure to credit risk by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government. At year-end, the District's investment in the IPRIME Funds was rated AAAM by Standard & Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy outlines diversification guidelines, including: limiting investment in securities that have higher credit risks; investing in securities with varying maturities; and continuously investing a portion of the portfolio in readily available funds such as local government investment pools and money market funds to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name. At year end the entire amount of the bank balance of deposits is covered by collateral, federal depository or equivalent insurance.

PROPERTY TAXES

Property taxes for 2023 attach as an enforceable lien on January 1 on property values assessed as of the same date. Taxes are levied by June of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments on or about June 1 and September 1. The County collects such taxes and remits them periodically.

INTERFUND TRANSFERS

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Debt Service	General	\$ 92,474 (2)
Capital Projects	General	<u>150,000 (1)</u>
		<u><u>242,474</u></u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) move receipts restricted to debt service from the funds collecting the receipts to the Debt Service Fund as debt service payments become due.

LONG-TERM DEBT

General Obligation Bonds

The District issues general obligation/alternate revenue source bonds to provide funds for the acquisition and construction of major capital facilities, to pay principal and interest on other outstanding bonds, and to finance corporate purpose projects of the District. General obligation/alternate revenue source bonds have been issued for governmental activities. General obligation/alternate revenue source bonds are direct obligations and pledge the full faith and credit of the District. General obligation/alternate revenue source bonds currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$520,000 General Obligation Park Bonds (Alternate Revenue Source) of 2020 - Due in annual installments of \$83,000 to \$91,000 plus interest at 2.05% through December 15, 2025.	\$ 267,000	—	87,000	180,000
\$345,480 General Obligation Limited Tax Park Bonds of 2022 - Due in annual installments of \$110,840 to \$118,050 plus interest at 0.80% to 1.25% through December 15, 2024.	234,640	—	116,590	<u>118,050</u>
	<u>501,640</u>	<u>—</u>	<u>203,590</u>	<u><u>298,050</u></u>

Notes to the Financial Statements

April 30, 2024

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATION

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District's policy manual states that the General Fund should maintain a minimum fund balance equal to 20% of current budgeted operating expenditures, excluding transfers and capital expenditures. The Recreation Fund and Fitness Fund should maintain minimum fund balances equal to two months of current budgeted operating expenditures, excluding transfers and capital expenditures.

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the District's employees. The District has purchased insurance from private insurance companies. Risks covered included certain types of liabilities and bonds. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Park District Risk Management Agency (PDRMA)

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and net income losses. Since June 1, 1993, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program balance sheet at December 31, 2023 and the statement of revenues and expenses for the period ending December 31, 2023. The District's portion of the overall equity of the pool is 0.060% or \$25,861.

Park District Risk Management Agency (PDRMA) - Continued

Assets	\$ 60,313,775
Deferred Outflows of Resources - Pension	1,896,306
Liabilities	21,392,998
Deferred Inflows of Resources - Pension	138,153
Total Net Position	40,678,930
Operating Revenues	17,472,235
Nonoperating Revenues	4,226,502
Expenditures	25,204,654

Since 93.63% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

Park District Risk Management Agency (PDRMA) Health Program

On December 1, 1995, the District became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$300,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and PDRMA Health Program is governed by a contract and by-laws that have been adopted by a resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

RISK MANAGEMENT - Continued

Park District Risk Management Agency (PDRMA) Health Program - Continued

The following represents a summary of PDRMA's Health Program balance sheet at December 31, 2023 and the statement of revenues and expenses for the period ending December 31, 2023.

Assets	\$ 25,597,567
Deferred Outflows of Resources - Pension	812,704
Liabilities	7,696,413
Deferred Inflows of Resources - Pension	59,208
Total Net Position	18,654,650
Operating Revenues	37,348,378
Nonoperating Revenues	729,307
Expenditures	39,999,720

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

CONTINGENT LIABILITIES

Litigation

From time to time, the District is party to various pending claims and legal proceedings with respect to employment, civil rights, property taxes and other matters. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the District attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

Grants

Amounts received or receivable from grantor agencies, if any, are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds.

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Benefits Provided - Continued. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	8
Inactive Plan Members Entitled to but not yet Receiving Benefits	16
Active Plan Members	<u>17</u>
Total	<u><u>41</u></u>

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended April 30, 2024, the District's contribution was 10.67% of covered payroll.

Net Pension Liability. The District's net pension liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2023, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

WARRENVILLE PARK DISTRICT, ILLINOIS

Notes to the Financial Statements

April 30, 2024

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued.

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	24.50%	4.75%
Domestic Equities	34.50%	5.00%
International Equities	18.00%	6.35%
Real Estate	10.50%	6.30%
Blended	11.50%	6.05% - 8.65%
Cash and Cash Equivalents	1.00%	3.80%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the District calculated using the discount rate as well as what the District's net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability	\$ 1,326,835	664,927	399,580

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefit Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. No separate report is issued for the OPEB plan.

Benefits Provided. RBP provides medical, prescription drug, dental and vision coverage. Retirees pay the full premium. Coverage ends at age 65 for disabled Employees or once eligible for Medicare of retired Employees.

Plan Membership. As of September 30, 2023, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	—
Inactive Plan Members Entitled to but not yet Receiving Benefits	—
Active Plan Members	<u>15</u>
Total	<u><u>15</u></u>

Total OPEB Liability

The District's total OPEB liability was measured as of September 30, 2023, and was determined by an actuarial valuation as September 30, 2023.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the September 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

JOINT VENTURES

Western DuPage Special Recreation Association (WDSRA)

The District is a member of the Western DuPage Special Recreation Association (WDSRA), an association of nine other area park districts that provides recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in WDSRA, and generally provides funding based on up to 0.0400 cents per \$100 of its equalized assessed valuation. The District contributed \$125,570 to WDSRA during the current fiscal year.

The District does not have a direct financial interest in WDSRA and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of WDSRA, the assets, if any, shall be divided between the members, in accordance with equitable formula, as determined by a unanimous vote of WDSRA's Board of Directors. Complete separate financial statements for WDSRA can be obtained from WDSRA administrative offices at 116 Schmale Road, Carol Stream, Illinois.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules - Major Governmental Funds
- Budgetary Comparison Schedule - Nonmajor Governmental Fund

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.

Special Recreation Fund

The Special Recreation Fund is used to account for the operations of the special recreation programs and services offered to residents. Financing is provided by a specific annual property tax levy.

Fitness Fund

The Fitness Fund is used to account for the operations of the District's fitness center and associated fitness programs to residents and the surrounding communities. Financing is provided from user fees and charges.

Liability Insurance Fund

The Liability Insurance Fund is used to account for the operation of the District's insurance and risk management activities. Financing is provided from an annual property tax levy.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities, equipment and capital asset replacements.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.
